

## (GTC gas turbine cleaner)

1. Concentrated natural detergent cleaning fluid for cleaning and corrosion inhibiting gas turbine compressors.
2. Blend of non-ionic surfactant, corrosion inhibitors, organic solvent and demineralized water.
3. Max ash content < 0.01%.
4. Clear pale straw colored liquid with a mild pleasant odor.
5. Completely soluble in water, no agitation required.
6. Not corrosive.
7. PH : 7.5-8.5
8. Specific gravity : 1.01
9. Total alkali metals : < 0.5 ppm after dilution.
10. Aromatic compounds : none.
11. Alkyl phenol ethoxylates : none.
12. Halogens ( as total chlorine ) : < 10 ppm for concentrate.
13. Boiling point 100 C<sub>0</sub>.
14. Flammability : None flammable.
15. Quantity : 3000 kg/Barrels.
